**RHYTHMLINK INTERNATIONAL MAKES  
SECOND APPEARANCE ON INC. 5,000 LIST**

COLUMBIA, S.C. - August 20, 2009 - For the second year in a row, Rhythmink International, a company that designs, manufactures and distributes neurodiagnostic accessories and provides custom OEM solutions, has been named one of the 5,000 fastest-growing, privately-held companies in the United States by *Inc. Magazine*.

"It is such an honor to have our hard work and growth recognized," said Michael O'Leary, Rhythmink's COO. "Hopefully we'll be able to continue being a part of the Inc. list for many years to come."

Rhythmink, which placed at number 2,899, was founded in 2002 and has since become a leader in the neurodiagnostic industry and its community.

"Aside from growing the company in terms of size and worth, one of our other goals includes being an active and visible member of our community," said CEO Shawn Regan. "And actually, this has significantly contributed to our ability to grow through connections that we've made within our city and state."

Rhythmink currently participates in local industry events such as Clemson and MUSC's Neuro Day, which took place last month, and is interested in getting involved in other non-industry related activities that will economically benefit its hometown of Columbia, S.C.
