Rhythmlink Ranks in South Carolina's Top 25 Fastest Growing Companies

COLUMBIA, S.C. - Achieving #13 on the South Carolina Top 25 Fastest Growing Companies list, Rhythmlink's third consecutive ranking was announced at the South Carolina Chamber of Commerce's 32nd Annual Summit.

"We are honored to be recognized as one of South Carolina's Fastest Growing Companies for the third year in a row. Our employees make our company special and that translates into a good experience for the customer, ultimately driving our growth as a company," said Chief Operating Officer Michael O'Leary.

Acknowledging the critical role its employees play in Rhythmlink's success, several employees also attended this year's summit. Rhythmlink was represented by its COO Michael O'Leary, human resources associate Debbie Hollins, product engineer Daniel Smith, administrative assistant Joyce Turpin and systems administrator John-Michael O'Leary.

"Attending the summit and watching Mr. O'Leary accept the award on behalf of Rhythmlink gave me a surge of determination and drive to do my very best to help Rhythmlink reach the number one slot," commented Debbie Hollins.

The Fastest-Growing Companies award began in 2002 by Elliott Davis as a way to honor South Carolina businesses. Over the past 8 years, nearly 1,000 different businesses have been nominated for honors and 160 organizations have been Top 25 award recipients.
